Introduction

The Drug-Free Schools and Communities Act (34 CFR Part 86) requires an institution of higher education to certify it has adopted and implemented programs to prevent the abuse of alcohol and use or distribution of illicit drugs both by students and employees both on its premises and as a part of any of its activities. At a minimum each institution must annually distribute the following in writing to all students and employees:

- Standards of conduct that clearly prohibit the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees;
- A description of the legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol;
- A description of any drug or alcohol counseling, treatment, or rehabilitation or re-entry programs available to employees or students;
- A clear statement that the institution will impose sanctions on students and employees and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct.

Further, the Drug-Free Schools and Communities Act (DFSCA) requires institutions of higher education to conduct a biennial review of their alcohol and other drug policies and prevention programs in order to identify and implement needed changes.

The biennial review has two objectives:

1. To determine the effectiveness of, and to implement any needed changes to the Alcohol and Drug prevention program, and
2. To enforce the disciplinary sanctions for violating standards of conduct consistently

The following is the report resulting from the review of the Alcohol and Drug prevention program implementation and policy development/enforcement at Daymar College (Daymar).

DAAPP Report Availability

This report is available from the campus President. The master copy may be found in the office of the President. Previous reports are discarded and replaced by each new copy. This report is available in printed and PDF (electronic) formats.

DAAPP Report Notification

Daymar publishes and distributes policy information in the institutional catalog, the Consumer Information publication, the Annual Security Report (published annually before October 1st), and through the admissions process with specific forms for prospective students.

An annual email is sent directing employees and students to the [Student Information](#) landing page of the Daymar website by October each year. This email notifies the recipient of Consumer Information publications, which includes the DAAPP. New campus employees are directed upon employment. Students are directed during the enrollment process.

Students and employees may request a printed copy from the campus President/Director.

Effectiveness of the DAAPP

Due to zero (0) violations, an effectiveness of the program cannot be completed.

Consistency of Disciplinary Sanctions Related to Drugs and Alcohol

Due to zero (0) violations, a consistency of the disciplinary sanctions cannot be completed.

Review Board

Members of the Review Board are campus Presidents/Directors Bobby Bonds, Debbie Tolladay, Deborah Brown, Greg Webb, Joel Musgrove, Katherine Purnell, Rebecca Mowery, Rey Penate and Shauna McCoy. Additional members include Endora Todd (Associate Vice Chancellor of Financial Aid), Ken Wood (Director of Compliance) and campus Student Services Coordinators Ryan Palombo and Angela McChesney.

Areas of Improvement or Modifications

Based upon the results of the effectiveness of the DAAPP and consistency of the disciplinary sanctions, no improvement or modification areas can be identified for the DAAPP.

Items identified to strengthen the institutional compliance with the DFSCA and Part 86 of the Department's General Administrative Regulations:

- Design and implement drug and alcohol educational activities / events
- Update and improve sources of help and support for those seeking help
- Consistent review of the DAAPP
- Improving the Student Information landing page to include a separate section for the DAAPP
- Create an archival process to maintain documentation supporting the review, evaluation and distribution of the DAAPP
- Publish a report of the DAAPP review

Daymar's Executive Management Team Board approved this improvement plan September 19, 2016.
